A HEX IS A HEX IS A HEX

All members growing the variety 'Hex' are warned to beware. At least Mrs. Charles Schmidt of Lake Worth will be very careful before reaching under her 'Hex' to grab a handful of weeds.

She grabbed a handful of weeds from under the plant recently and one of them was alive and took a nip out of her hand. That 'Hex' turned out to be a hextas the little nipper was a ground rattler. Mrs. Schmidt spent a couple of painful days in the hospital and says that she feels like a pincussion where all the anti-venom shots went.

We are all glad to hear that she has recovered in good shape.

"PLANT A HIBISCUS IN EVERY YARD"

NEW - BRUCE PARNELL CHAPTER

We have a new chapter in the AHS. The Bruce Parnell Chapter has been organized in North Miami. They meet on the first Thursday of each month at the Fine Arts Building in North Miami. If any of our members are in the area on the first Thursday of the month drop by the Fine Arts Building at 8:00 p.m. located at 12340 N. E. 8th Avenue, North Miami.

The officers of the new chapter are:
President - Mr. Bruce Parnell
Vice President - Mr. Fred Miller
Secretary - Mrs. Marion Williams
Treasurer - Mr. Dave Lococo

The new chapter started with twenty-three charter members. The best of luck to our new baby.

JUDGING SEEDLINGS (From page 23)

hybridizer, in exhibiting a bloom from seed he has germinated, irrespective of its quality or novelty. However from the Society's standpoint, the question is which seedlings are outstanding improvements over presently recognized and named varieties or are of such distinct difference from them, as to be worthy of continued propagation and to be included in the
